

Bistone Municipal Water Supply District

Job Posting: Chief Water Plant Operator/Supervisor

We are seeking a qualified and dedicated **Chief Water Plant Operator/Supervisor** to oversee our water treatment operations. This leadership role is responsible for ensuring the production of safe, high-quality drinking water while maintaining full regulatory compliance and managing plant personnel.

Primary Responsibilities

- Supervise daily operations and maintenance of the Ground & Surface water treatment plants and Distribution system.
- Manage and schedule plant personnel to ensure 24/7 operational coverage.
- Ensure all water quality standards meet or exceed local, state, and federal regulations.
- Maintain accurate operational records and submit required reports to the [Texas Commission on Environmental Quality \(TCEQ\)](#).
- Oversee the calibration of equipment, chemical dosing, and laboratory testing.

Required Qualifications

- **Licensure:** Must possess a valid **TCEQ Class C Surface Water License** or higher. Preferred TCEQ Class B Surface Water License.
- **Driver License:** Must possess a valid **Class C Driver License** with a clean driving record.
- **Experience:**
 - Minimum of **five (5) years** of direct experience in surface & ground water treatment.
 - Minimum of **one (1) year** of experience in a supervisory or lead role.

Preferred Skills

- Strong knowledge of mechanical and electrical systems related to water treatment.
- Proficiency in SCADA systems and Microsoft Office.
- Ability to communicate effectively with staff and regulatory agencies.

Compensation

- **Salary:** Dependent on qualifications and experience (DOQ).

- Full benefits package included.

How to Apply

Please submit Bistone's employment application, your resume and a copy of your TCEQ certifications to our Office at 343 LCR Whiterock, Mexia, TX 76667.
